**Subject:** RE: Grosse Ile - Closure Schedule?

Good afternoon Mary,

I certainly understand. At this time, we are looking for staff to be in the Grosse Ile facility until the end of June time-frame. That is not set in stone though and could change. I'll look at the MODs and we'll look to add whatever funds are necessary.

Otherwise, I'll likely need to keep in touch with you in terms of any ongoing requirements at the site until such time that GSA is able to Dispose of it. I don't know as of yet what will be needed, and will work to nail that down as we get closer to the move time frame.

I hope this addresses your concerns, but please let me know if you have any other questions.

Thanks,

Jason Bushta

**Subject:** Grosse Ile - Closure Schedule?

I'm looking over our budget numbers and wondering what the closure schedule for Grosse Ile is. Some funding was provided for O&M Contract purposes by OARM Reimbursable funds, but not for the full year. Can you provide an update please?

We need to be planning for a contract modification to remove Grosse Ile from the contract at some point and need some lead time to enable the Contracts Office to execute that contract mod., while minimizing the costs to EPA.
